<p>Superpowers</p> <ul style="list-style-type: none"> • Curator: Created many tools and activities that have been used to develop curriculum for Design Your Life courses and Life Design Catalyst Training, all to empower others to understand their place in the world.. • Catalyst: Prefer to learn by doing things now, instead of waiting for the “right time” to come. Create my own luck by taking deliberate action, putting myself into the world, and then have faith that things will turn out for the best. • Belief: Guided by specific personal core values that provides direction for my actions and decisions. This belief makes it easier to say “Hell Yes” to the things that matter and “Hell No” to the things that don’t matter. • Transparency: Live my truth, hopefully seen as my authentic self, both the good and the bad. In my world, “What you see is what you get” is a great motto to live by, since I have nothing to hide. • Contribution: Giving back (through Life Design Catalyst work) is an essential part of the legacy I want to leave behind. Sharing LDC work with others provides me great joy; it’s the way I get closer to personal fulfillment.
